To encourage the importance of children's day kids were taught about the life of Shri Jawaharlal Nehru and his affection towards children. Further to encourage the kids the teachers took over the role of children to conduct assembly.

During the fourth and fifth week the children's performance were reviewed and all kids were notified about their positive performance and further encouraged to improve their academic and extracurricular activities.

During the penultimate day of this month blue day was conducted and kids looked pretty in that attire. Following day parent teachers meeting was conducted and the parents were conveyed about the performance of their kids.

## ACADEMICS

Classroom plays a vital role in every child's life. It should be an inclusive atmosphere for the kids so that they learn with happy feeling. Being a good teacher therefore creates a very comfortable environment for the kids to express their feelings. Activity based learning will bring forth so many changes in the academics.

- Our school appreciates us bringing healthy food in our tiffin...so, no to biscuits/chips/cookies and noodles please!!
