ROLE OF TALENTED YOUTH IN **BUILDING VIKSIT BHARAT**

India's youth represent the country's greatest strength, with a vibrant and dynamic generation driving the vision of making India a developed nation by 2047. However, the path to this ambitious goal is not without challenges. This transformative initiative aims to harness the collective potential of India's youth, empowering them to contribute holistically to the country's development. At its heart lies the active participation of India's youth, regarded as the key drivers of this change. Prime Minister Narendra Modi underscored their role, stating, "Youth power is both the agent of change and also the beneficiaries of change". Through platforms like the Voice of Youth, the initiative seeks to channel the creativity, energy, and ideas of the younger generation, aligning their aspirations with the nation's development goals and fostering a future of innovation, progress and self-reliance. An important announcement has been made to turn the vision of Viksit Bharat 2047 into a reality.

DAY CELEBRATION AND ACTIVITIES

Activities like slogan competition, speech competition by our tiny tots with full of patriotism and gratitude towards our nation were held.
