# **ROLE OF NATIONAL SECURITY** **IN BUILDING VIKSIT BHARAT**

National security plays a vital role in achieving Viksit Bharat by ensuring peace, stability, and the protection of the nation's sovereignty. A secure environment allows the country to focus on economic growth, education, innovation, and welfare without disruption. It safeguards borders, prevents terrorism and cyber threats, and protects vital infrastructure like energy and communication networks. Strong Defence and internal security also attract investments, promote self-reliance through advanced technology, and enhance India's global influence. In essence, national security is the backbone that supports India's journey toward becoming a developed and resilient nation.

# ASSEMBLIES

Assemblies help to create a sense of belonging among young students. It is a platform for kids to interact with their peers in a structured setting.

These gatherings help them to develop essential social skills such as listening, taking turns, participating in group activities etc.

# CELEBRATIONS AND ACTIVITIES

Activities like **Diya Decoration Competition** by our tiny tots with full of creativity and cultural spirit, were successfully held. These activities help children express the joy of festivals and appreciate our traditions. They enhance fine motor skills, develops their LSRW skills through observation and expression. Such activities also support psychomotor development by improving coordination and hand control. They encourage children to explore their own interests and artistic talents while nurturing confidence and aesthetic sense.

Celebrating **Diwali** and **Traditional Attire Day** helps our little learners inculcates cultural values and understand the significance of light over darkness and good over evil, while highlighting the spirit of togetherness and joy.
