### **OCTOBER 2025 EDITION**

## Learning curve 09-10.2025

**Activity-Based Learning** encourages children to learn through hands-on experiences and creative expression. It helps young learners understand concepts better by doing, observing, and participating rather than just listening. Through activities, students develop curiosity, imagination, confidence, and communication skills.

In Classes 1 and 2, various fun-filled and meaningful activities were organized to make learning joyful and interactive.

## Mask Making Activity: 10.10.2025

Students designed and decorated colorful masks based on their favorite animals and story characters. This activity helped them express creativity, improve fine motor skills, and connect art with storytelling and language learning

# Art corner Highlights- CHITHRAM Painting Competition 2K25

The CHITHRAM Painting Competition 2K25 was organized by Sasi Creative College on 9th October 2025, providing a wonderful platform for young artists to express their creativity and imagination through art.

From Air Force School, Sulur, a total of 14 students participated – 12 students in Category I and 2 students in Cate

The event witnessed a massive participation of nearly 1200 students from various schools across the region, making it a highly competitive and inspiring event. Among the participants, Anushka from Class 9 brought pride to our school by winning a Consolation Prize along with a cash award of ₹1000 for her creative artwork.

The competition provided a valuable experience for all participants, motivating them to explore their artistic talents and environmental awareness through imaginative expressions.

## Language corner 14.10.2025

To make English learning joyful and interactive, an “English Speaking Through Activity” was conducted. The main aim of this activity was to help students build confidence in speaking English and develop communication skills through fun and meaningful tasks. Students participated in various engaging activities such as storytelling, role play, picture description, and show and tell. These activities encouraged children to express their thoughts, use new vocabulary, and speak in simple sentences. It was a wonderful learning experience that combined fun, creativity, and language development.

## Creative October: Month of Art and Expression
