# ROLE OF TECHNOLOGY IN VIKSIT BHARAT

Technology plays a vital role in achieving *Viksit Bharat* by driving economic growth, improving governance, and enhancing the quality of life. Digital platforms help deliver government services quickly and transparently, while advancements in areas like education, healthcare, agriculture, and industry increase efficiency and access for all citizens. Technologies such as the internet, mobile apps, artificial intelligence, and renewable energy create new job opportunities, support innovation, and promote sustainable development. Overall, technology acts as a powerful tool in building an inclusive, self-reliant, and developed India.

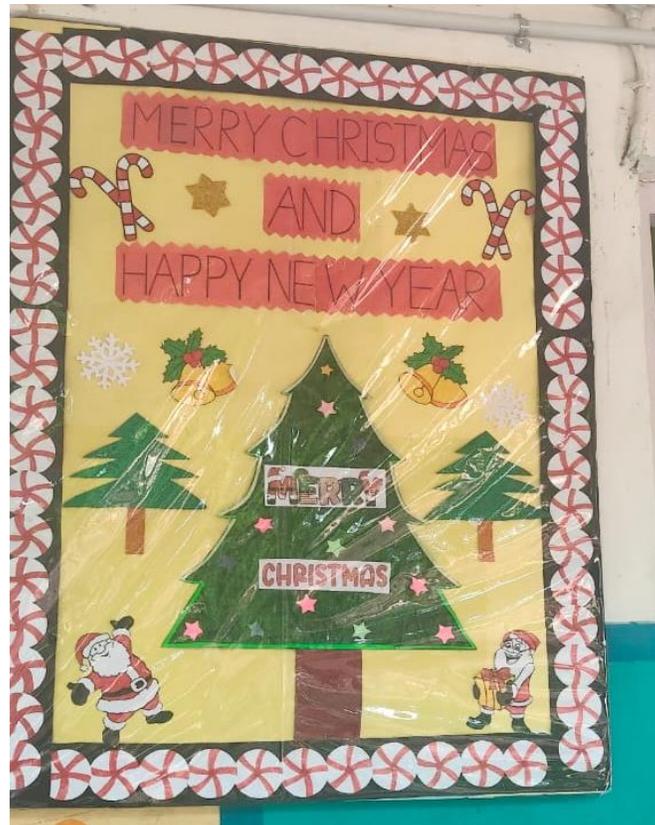

## **CELEBRATIONS**

In the month of December, our school organized many joyful activities and celebrations. We celebrated the most awaited festival of the year Christmas, where children prepared a short Christmas prayer along with that, prepared songs and also performed some dance which the children had prepared, later on, Santa gave chocolates and gifts to the kids along with that children were also given some refreshments. Over all the children had a lot of fun. The school also celebrated its Annual Day in which the program started with school prayer and song and with our principal's speech for the children followed by the songs and dances performed by the kids and also prizes were distributed to the children. The children had a lot of fun and new experience. Overall, December was a month filled with happiness, learning, and memorable experiences for everyone.

# DAY CELEBRATIONS

# ACADEMICS

Classroom plays a vital role in every child's life. It should be an inclusive atmosphere for the kids so that they learn with happy feeling. Being a good teacher therefore creates a very comfortable environment for the kids to express their feelings. Activity based learning will bring forth so many changes in the academics.
